Policy for Relationships & Sexuality Education:

RSE is part of Social, Personal and Health Education which also promotes the health and well being of the child in areas such as drugs, nutrition, hygiene, etc. RSE seeks to provide children with opportunities to learn about relationships and sexuality in ways that help them think and act in a moral, caring and responsible way. RSE aims to help children learn, at home and in primary/secondary school, about their own development and about their friendships and relationships with others. RSE is taught in a spiral manner i.e. that the same topics are approached in junior infants as in sixth class. At each stage more content and information is added to suit the children's particular level.

Parents will be informed two weeks prior to lessons commencing.

I consent to my child's / children participation in the RSE Programme.

Stay Safe Programme:

The aim of the Stay Safe programme is to teach children personal safety skills so they can look after themselves in situations which could be upsetting or dangerous. It deals initially with common situations which most children will experience at some stage or other e.g. getting lost or being bullied. The programme also teaches children the safety skills necessary to protect themselves from physical or sexual abuse. Essentially the programme teaches children to tell a trusted adult about any problems they may have. Further information is available from the school.

I consent to my child's / children participation in the Stay Safe Programme.
