

Monday 30th March

Dear Parents/Guardians,

I hope you, your families and all your loved one remain well during these challenging times.

I have included below, a list of weekly work and tasks for your your child. It is important to be aware that it not required that they complete everything. They should be able to complete the work independently without any guidance from yourselves but I do ask that you try to review the work afterwards.

Instructions on how to gain access to the various websites mentioned are laid out in the resources section of the school website.

I am available to take questions and receive feedback via the Seesaw app and am here to support you and your child every step of the way.

King regards,

Ms. Reidy

Hi 5th and 6th,

I hope everyone is keeping safe and well. I would like for you to continue on with some of our books please. We are also going to use the app Seesaw and I would love to see how you are all getting on, so if possible take a picture of the work you would like me to see and upload it to Seesaw.

Enjoy the unexpected time off as best you can, help your parents around the house. Keep up the good work and hopefully I will see you all soon.

Ms. Reidy ☺
