

Monday 27th of April to Friday 1st of May

SESE

This week we are going to focus on science and geography.

All of the activities below are to be completed by Friday. Take photos of your work and upload it to Seesaw. Please upload all the photos, if you can, to one file.

Science:

1: Carry out the following experiment

Design a rollercoaster (PDF on school website)

I will also upload the activity sheets on Seesaw, however you will need to print them or write the answers into your copy under the headings provided)

Geography: Unit 17 Famine.

Continue with this chapter, p97 and 98. Q1-8 p98 due Friday

Art: Title: 'Thank the Heroes'

If you would like to practice your artistic skills this week, why not create a piece to show our appreciation for the Heroes all around us who are helping to battle Covid - 19. Medical staff, Gardaí, Shop workers, Delivery drivers and many, many more deserve our appreciation.

Get creative! Use any medium you like (Paint, Print, Papier Mache, construction, sketch, poster etc.) and we can then make a collage to show our appreciation.

SPHE: Time Out and creating a Worry Box
